21-Cyber Security Awareness Session

A cyber-attack occurs when a person utilises technology to enter a computer or network without authorization in order to steal confidential data or inflict harm.

These assaults can take many different shapes, including hacking, phishing schemes, malware, and virus infections. Use strong, distinct passwords for each of your accounts in order to keep yourself and your data safe online. Avoid opening attachments or clicking on links coming from unidentified sources. In conclusion, cyber security is a crucial subject that has an impact on everyone. We can reduce the danger of cyber attacks on our information and devices by being aware of the risks and adopting precautions.

22-Swatchta Drive by NSS Volunteers

Somebody once said how our education was not of any worth if we still ended up throwing garbage on the streets to be ultimately picked up by an uneducated person. The cleanliness department of NSS strongly believes this great thought. After all, one has to try to be the change one expects to see. We took this on ourselves and ensured we provide as many dustbins made out of recycled materials like old cardboard boxes and newspaper installed in every corner of our campus. The results are visible, we intend to continue with such drives every month to ensure sanitation and hygiene around the campus.

30-Woolen Collection & Distribution Drive by NSS volunteers

It is a mind and body numbing experience when temperatures range from 5 degree Celsius to 8 degree Celsius at night. We college students were privileged enough to protect ourselves with layers of clothing but those who live on the road or in kaccha houses have only fire and wood to their rescue. Keeping in mind this problem, we thought it would be great for us as NSS DPG to collect winter clothes, blankets and shoes from the students in college and donate them to people in slums, beggars and those who can't afford to buy warm clothes.

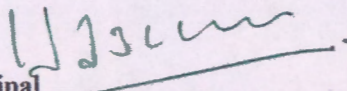

As a part of the initiative, we conducted a winter clothes drive on **5th January** and we are happy to announce that it was extremely successful.

Students came in large numbers to donate clothes. These clothes were distributed among the construction workers in college and in a nearby slum.
