7.3.1 Institutional Distinctiveness

The campus of our institute has lush green surroundings which has a spread over a land piece of 12 acres. Apart from having pollution free area, it has beautiful infrastructural developments in its covered area which describes its distinctiveness. DPG Degree College is providing multidisciplinary education in the field of Science, Commerce and Humanities. With the development in its infrastructure such as: latest labs for computer sciences, laboratories for Science departments, classrooms and hostels with all facilities, Reception Desk, and well-furnished waiting areas, this institute is continuously making an effort to provide a comfortable stay within the campus.

DPG Degree College has a huge campus and 70% of its area is lush green. It is very rare that you find such a green campus in the urban areas like Gurugram. The conservation of green area is very necessary in this era of industrialization. Also, Pollution is a very serious concern in the NCR region due to heavy traffic, deforestation and urbanization. Our main focus behind this Green campus program is to ensure the sustainability of sufficient resources for our future generation. But the main challenge is the proper translation of the education for sustainable development into practice so that it can be more effective. Any new development should consider and maintain the proper balance of economic, social and environmental conditions. More stress is being given on the proper infrastructure development so as to continue and maintain the green practices. Green environment conservation refers to the protection and preservation of natural ecosystems and resources, as well as the reduction of human impact on the environment. This includes efforts to reduce pollution, conserve water
