

## Extension Lecture on Bio-informatics

Extension lecture on **splicing of long non coding RNA** was conducted by Dept. Of Biochemistry by researcher from Institute of Molecular genetics Prague Czech Republic in field of **Bioinformatics**. The event was conducted on 10-11-2023 at 1.10-2.10pm. The event was informative which guided the student and helped them to decide there future in field Bioinformatics. The lecture also helped the students to understand bioinformatics in field of research and gave the informative tool about the research going in Czech Republic. The event was started by Dr Chanchal Kumari Assistant Prof Dept of Biochemistry which was followed by extension lecture by Dr Praseon kumar Thakur and vote of thanks was given by Dr Tulika Dahiya HoD Dept of Biochemistry.
