

National Mathematics Day-2021

Department of Mathematics has organized "National Mathematics Day" on 22nd December 2021 in account of birth anniversary of the eminent Mathematician Srinivasa Ramanujan. This event was open for all UG and PG students. Quiz, Poster making and declamation were also part of this events. Students participated actively in all events. Certificates have been awarded to top three winners of respected events. It was a very fun event and where the brain cells of students were tested for a variety of things and helped students to develop their intellectual skills. At the beginning of session Principal Dr S. S Boken and Registrar Shri Ashok Gogia motivated the students and explained the importance of National Mathematics Day and after that our Dean Dr Surbhi Chaudhary cheered up students for the maximum participation. Head of the Department Dr Geeta Arora started the event with her motivational words. The events were successfully finished with the vote of thanks.
