

## **DEBATE COMPETITION ON “DEMONETIZATION”**

The department of commerce has successfully organized the debate competition on the theme “Demonetization”.

Students were divided into 2 groups. One group was to present the pros of the government's decision to implement demonetization and its positive impacts on the economy, country. Another group was given the task to present the cons of the government's decision to bring out the idea of demonetization and the negative impacts of demonetization on the economy.

More than 90 students from various departments participated in this event and presented nicely. The students displayed their representative skills as they brought out their views in a systematic manner and they had counter arguments for every argument of the opponent team. Some students presented in PPT format.
