

## 9- VISIT TO PRIME LABS

### Summary Report of Industrial Laboratory Visit

## **Prime Labs, Faridabad, Haryana**

---

A departmental visit, organized by Department of Biochemistry & Zoology, DPG Degree College, Gurugram, was scheduled on 22<sup>nd</sup> August, 2022 at Prime Labs, Faridabad, Haryana. In this visit around 40 students of M. Sc Biochemistry & M. Sc Zoology were accompanied with faculties; Dr. Neha Shekhawat (Asst. prof.) and Mr. Dinesh (Asst. prof.) from Department of Zoology.

The Department of Biochemistry & Zoology organized this industrial visit to encourage students to know what are the latest techniques / equipments being used by Healthcare Industries. Also to help the students to gain practical knowledge in regard to various diagnostic techniques which they study in their curriculums.

Students were able to apply their theoretical knowledge to understand basic techniques and approaches towards disease diagnosis. Students were briefed about latest equipment and technique of Healthcare industries by working technicians. The laboratory safety measures to be taken in the clinical setting were properly demonstrated. The quality assurance, biomedical waste management, automation in haematology, histopathology and cytology were also discussed with the students.
